Alrajhi Bank, which is one of the leading Islamic banks in the world, was established in 1957 with a capital of SR15 billion (4 billion US dollars), with headquarter located in Riyadh, Saudi Arabia, the bank has a wide network of 500 branches and more than 7400 employees, and possesses the largest customer base in the Kingdom.

I have been endorsed as the only PMP course instructor following the success made during the first course and, so far, I conducted five courses within the bank.

A trainee from South Africa attending the 3rd course declared that he was quite hesitant to attend such course for 3 reasons: the first reason was that him being the kind of person that simply gets weary of the class so that he never completed a course to its end. Second, because he had no prior idea about Project Management and, third, for his fear of not being able to understand the subject, but now, that the course is over, all of my fears have vanished. I was keen to attending the course until its last moment, and the instructor's distinguished methodology helped me understand the material."

90 people from different nationalities including Saudi Arabian, Indian, and the European Union attended the courses.
