

Success Story King Abdulaziz City for Science and Technology (KACST)

<http://www.kacst.edu.sa>

King Abdulaziz City for Science and Technology (KACST) is an independent scientific organization administratively reporting to the Prime Minister. KACST is both the Saudi Arabian national science agency and its national laboratories. The science agency function involves science and technology policy making, data collection, funding of external research, and provide services such as the patent office. KACST has currently over 2500 employees.

I was chosen upon of many PMP trainers in Project Management, I received a big trust from KACST high management, and i held three sessions in The Art of Project Management and PMP Exam Preparation, and recently I has been finished the Project Management Office-PMO training course.

The interaction by the trainees were excellent and based on the evaluation of courses and the success has been achieved in previous sessions, then after the accreditation, I am the only certified trainer for all relevant training courses in project management such as PMP and PMO for KACST.
