

Success Story Jeddah Diwanyah

Jeddah Diwanyah is one of the most active forums, which organizes scientific, economic, and religious meetings, and it was able during a short period to be the center socially prominent and have the admiration and appreciation of observers and visitors, and achieve the desire of Sheikh Khalid Bin Abdul Latif Al Fozan and Sheikh Emad Bin Abdullah Al-Muhaidib to be one of the best, unique and useful Diwanyah through offering unprecedented number of issues of concern to the community through weekly lectures and by selected scholars, specialists and officials to provide a model for all distinct from that targeted social councils and specialized discussions and experiences realism.

A trust from Jeddah Diwanyah is too big for me, where I have a chance to give a lecture entitled Art of Project Management , which was attended by a number of sheikhs and scholars from universities and economists, where they discussed the many important projects in the community.

At the end of the symposium there was a very big surprise for me, where Sheikh Imad Muhaidib and Sheikh Khalid Ali Fawzaan thanks me by a certificate of thanks and appreciation presented by Jeddah Diwanyah, and this certificate means a lot for me from Jeddah people.

These are some snapshots that record the beautiful moments of this lecture
